

UNIVERSAL GROMMETS

Komtech's Polyplastomer®; Universal **Grommets** are specially designed to adjust to different size **wires, cables, or tubing**. The center hole and exclusive membrane expand to accommodate various diameters and shapes and maintain a dust resistant seal to protect your **product**. The unique design of the outer rings of this **Komtech** product make it much easier to install than rubber **grommets** or plastic **grommets**. Let us know if you need other sizes, you can **Fax, Mail** or **E-mail** the details of your application to us and we will quickly provide you with our design input and quotation.
